## 2020 Evening Series – Match Report – 3 of 5

Another healthy turn out of anglers for the third match in our 2020 Evening Series. Choosing field 1 again for consistency and ease of access, the waters looked good with a tinge of colour due to recent rain and with overcast skies it wasn't too bright.

A number of anglers struggled this evening, with good healthy debate over technique versus draw of the peg versus conditions. There's something to be said about technique when those pulling the weights are regulars on the banks with keen attention to how they fish the waters. We spoke with Bryan Hunt after the match who'd fished field 2 and managed to pull in over 3lb of fish in 2 hours.

Congratulations to Alex Compiani again, winning the evening session with a bag of 3lb 2oz. Alex was kind enough to share that he'd used single maggot with a positively shot stick float running through his swim. Terry has a great night with a small haul of fish but weighing in over 1.5lb and Ben missed out on 2<sup>nd</sup> spot by an ounce which is impressive given the amount of Minnows in his net (must have been getting on 100 fish!)

Weights in at the end of the night as follows
