2020 Evening Series – Match Report – 4 of 5

We were delighted to welcome 12 anglers to our fourth 2020 Evening Series match, with the top end of field 1 at Nutford Farm being chosen for this evenings match.

Mixed bags all round with Dace, Perch, Minnows and Roach being caught. The fishing was harder this week and the results show this. Varied techniques being used across the pegs, from whip, pole, waggler and stick float, the top end of field 1 offers a lot of peg variety so tactics and technique are key. Maggot consistently the bait of choice with some using ground baits to attract and keep fish in their pegs.

Congratulations to Alex Compiani again for taking top spot, fourth match in a row! Liam Tuck showed great skill and missed out on the top spot by only 3 ounces! Our very own Tony Beddingfield (who hasn't fished a match so far!) turned up and showed how experience and skill can result in a great position in the rankings.

Upon initial calculation it may seem that Alex Compiani has already walked away with the series crown, however mathematically it's still to play for! The top spot is a fight between Alex and Ben Bentley, we're looking forward to seeing the next match play out! And there will definitely be some jostling for 3rd, 4th and 5th spots!
